(2) The contract may be for a fixed period and has no effect until it is approved by the Commission.

(3) The operator or the person referred to in subsection (1) shall enter into similar contracts with each owner or producer of gas within the designated area, if

(2) If a contract is changed or varied pursuant to subsection (1), the operator shall make a similar change or variation in any similar contract entered into with each owner or producer of gas within the designated area if the owner or producer requests that the change or variation be made and if it is approved by the Commission.

RSA 2000 cG-5 s13;2007 cA-37.2 s82(12)

Part 2 Regulation of Gas Utilities

Investigation re tolls

16 When it is made to appear to the Commission, on the application of any owner of a gas utility or of any municipality or person having an interest, present or contingent, in the matter in respect of which the application is made, that there is reason to believe that the tolls demanded by an owner of a gas utility exceed what is just and reasonable, having regard to the nature and quality of the service rendered or of the gas supplied, the Commission

- (a) may proceed to hold any investigation that it thinks fit into all matters relating to the nature and quality of the service or the gas supplied, or to the performance of the service and the tolls or charges demanded for it,
- (b) may make any order respecting the improvement of the service or gas and as to the tolls or charges demanded, that seems to it to be just and reasonable, and
- (c) may disallow or change, as it thinks reasonable, any tolls or charges that, in its opinion, are excessive, unjust or unreasonable or unjustly discriminate between different persons or different municipalities, but subject however to any contract existing between the owner of the gas utility and a municipality at the time the application is made that the Commission considers fair and reasonable.

RSA 2000 cG-5 s16;2007 cA-37.2 s82(12)

Change of rates

17 When by a contract between an owner of a gas utility and a municipality or person for the supply of gas by means of the gas utility, any rate, toll or charge is agreed on either as a fixed or variable rate, toll or charge, or a maximum or minimum rate, toll or charge, and whether that rate, toll or charge is agreed on with respect to a present or future supply of gas, then, notwithstanding anything in this Act, the *Public Utilities Act* or the *Alberta Utilities Commission Act*, the Commission may, on the application of the owner, municipality or person and on it being shown on the hearing of the application that the rate, toll or charge is insufficient, excessive, unjust or unreasonable, change the rate, toll or charge to any other greater or lesser rate, toll or charge that it considers fair and reasonable.

RSA 2000 cG-5 s17;2007 cA-37.2 s82(12)

Use of roadway or watercourse

18 When an owner of a gas utility who has the right to enter a municipality for the purpose of placing, with or without the consent of the municipality, pipes or other appliances, on, along, across, over or under any public road, street, square, watercourse or part of it, cannot come to an agreement with the municipality as to the use, for that purpose, of the roadway or the watercourse in question, or as to the terms and conditions of its use, and applies to the Commission for permission to use the roadway or watercourse, or to fix the terms and conditions of its use, the Commission may permit the use of the roadway or watercourse and prescribe the terms and conditions of use.

RSA 2000 cG-5 s18;2007 cA-37.2 s82(12)

Right of way

19 When an owner of a gas utility

- (a) is unable to extend the owner's system, line or apparatus from a point where the owner lawfully does business to another point or points where the owner is authorized to do business, without placing pipes or other apparatus on, along, across, over or under some public road, street, square, watercourse or part of it,
- (b) cannot lawfully so place pipes or other apparatus without the consent of the municipality having control of the public road, street, square, watercourse or part of it, and
- (c) is unable to come to an agreement with the municipality,

if the owner applies to the Commission for permission to use the public road, street, square, watercourse or part of it, for the purpose of the extension only, and without unduly preventing the use of it by other persons already lawfully using it, the Commission may permit that use, notwithstanding any law or contract granting any other person exclusive rights with respect to it, but the Commission shall prescribe the terms and conditions on which the owner of the gas utility may use the public road, street, square, watercourse or part of it.

RSA 2000 cG-5 s19;2007 cA-37.2 s82(12)

Settling differences

20(1) In all differences arising between an owner of a gas utility and a municipality with reference to the performance of the terms and conditions mentioned in sections 18 and 19, the Commission may change the terms and conditions if, in its opinion, the changes are necessary or desirable.

(2) On the application of a municipality alleging that an owner of a gas utility doing business in the municipality has failed to extend the owner's services to any part of the municipality, the Commission, after hearing the parties and their witnesses and making any inquiry into the matter that to it seems fit, may order the extension of the services and specify the conditions under which it is to be done, including the cost of all necessary works, which it may apportion between the owner of the gas utility and the municipality in any manner it thinks equitable.

RSA 2000 cG-5 s20;2007 cA-37.2 s82(12)

Use of highways, etc.

21 Subject to the terms of any contract between an owner of a gas utility and a municipality and of the franchise or rights of the owner, the Commission may define or prescribe the terms and conditions on which an owner of a gas utility will be required or permitted to use, for any of the purposes of the gas utility, any highway or any public bridge or subway constructed or to be constructed by the municipality, or 2 or more municipalities, and may enforce compliance with those terms and conditions.

RSA 2000 cG-5 s21;2007 cA-37.2 s82(12)

Supervision

22(1) The Commission shall exercise a general supervision over all gas utilities, and the owners of them, and may make any orders regarding equipment, appliances, extensions of works or systems, reporting and other matters, that are necessary for the convenience of the public or for the proper carrying out of any contract, charter or franchise involving the use of public property or rights.

(2) The Commission shall conduct all inquiries necessary for the obtaining of complete information as to the manner in which owners of gas utilities comply with the law, or as to any other matter or thing within the jurisdiction of the Commission under this Act.

RSA 2000 cG-5 s22;2007 cA-37.2 s82(12)

Receivers, managers, etc.

23(1) The fact that a receiver, manager or other official of a gas utility, or a sequestrator of the property of it, has been appointed by any court in Alberta or is managing or operating a gas utility under the authority of a court, does not prevent the exercise by the Commission of any jurisdiction conferred by this Act.
