**CONTRACT INCREASES APPROVED PURSUANT TO
TREASURY BOARD DIRECTIVE 08/93**

Contract No.: 006308

Contractor: A. Hansen & Sons (Camrose) Ltd.

Reason for Increase: This contract was to address on-going roof deflections at the Camrose - Stony Creek Lodge. Load-bearing walls had been removed during a previous renovation and the roof was not being properly supported. The contract was to provide four new beams to support the roof assembly. After removal of the existing drywall ceiling it was found that the existing roof support had structurally failed rather than deflected. Additional work was authorized to splice supports where existing beams were broken and provide additional collar ties to support and hold existing trusses in place.

Contract Amount: \$20,300.00

% of Increase: 73.4%

Amount of Increase: \$15,000.00

Date Approved: April 17, 2003

Contract No. 005376

Contractor: Serv-All Mechanical Services Ltd.

Reason for Increase: The contract was to install equipment and controls to improve the reliability of the fume hood alarm system and reduce the operational impact if key equipment failed at the Alberta Research Council in Edmonton. During construction, several existing fume hood make-up air terminal box controllers had failed and needed to be replaced. It was also discovered that the bottom doors of the two-speed fume hoods could be opened when the fume hood is in operation. Additional controls and EMCS modifications were required to monitor these doors. These changes were required to ensure the safe operation of the fume hoods.

Contract Amount: \$369,818.00

% of Increase: 13.3 %

Amount of Increase: \$49,180.00

Date Approved: June 22, 2003
