## GOVERNMENT NOTICES

### COMMUNITY DEVELOPMENT

#### NOTICE OF INTENTION TO DESIGNATE A PROVINCIAL HISTORIC RESOURCE

(Historical Resources Act)

File No. Des. 2088

Notice is hereby given that 60 days from the date of service of this Notice and its publication in Alberta Gazette, the Minister of Community Development intends to make an Order that the site known as the:

Alberta Pacific Grain Elevator, together with the land legally described as:

Plan 032 3405

Block 50

Lot 10

Excepting thereout all mines and minerals

Area: 0.19 hectares (0.47 acres) more or less

and municipally located at 49 Avenue, Castor, Alberta

be designated as a PROVINCIAL HISTORIC RESOURCE under Section 20 of the Historical Resources Act, R.S.A. 2000 cH-9.

The reasons for the designation are as follows:

The Alberta Pacific Grain Elevator, constructed in 1917, is an early example of the Prairie Vernacular industrial style of railroad-related structure designed to grade, weigh, stockpile and ship grain to domestic and foreign markets. Once common throughout the Province, elevators of this type have often experienced excessive major upgrading to meet new and larger capacities for rail and truck shipping or have not survived corporate decisions to replace them. The structure is an excellent example of crib construction and

retains a high degree of integrity with respect to its original design elements, machinery, and material. It is one of the first elevators constructed in Alberta.

The historical significance of the Alberta Pacific Grain Elevator in Castor lies in its provision of structural evidence of the method of storing and marketing grain in rural Alberta during most of the 20<sup>th</sup> century. This structure is particularly important in that it dates from 1917, a period in time when crops were bountiful and the demand for wheat was high because of the war in Europe. It is important also for the role it played in the development of Castor, a community which sprang to life in 1910 with the arrival of the railway, and continued to serve a large agricultural hinterland, the existence of which depended upon the marketing of grain.

The historical significance of the Alberta Pacific Grain Elevator in Castor lies in its structural representation of the major economy of Alberta for much of the 20<sup>th</sup> Century; the growth and export of grain.

It is therefore considered that the preservation and protection of the resource is in the public interest.

Dated November 12, 2003.
