Schedule

Definitions

- 1** In this Regulation,
- (a) “Act” means the *Municipal Government Act*;
 - (b) “assessable SuperNet linear property” means linear property in the extended area network that is used for SuperNet purposes and is assessable under section 3;
 - (c) “extended area network” means the specifications, characteristics and network design as reported by the Minister under section 4;
 - (d) “Minister” means the Minister of Service Alberta;
 - (e) “SuperNet” means the high-speed high capacity broadband network that is owned by Bell Canada, linking government offices, schools, health care facilities and libraries in the extended area network.

Exemption from assessment

2(1) For the purposes of section 298(1) of the Act, no assessment is to be prepared for linear property in the extended area network that is used for SuperNet purposes.

(2) Despite subsection (1), where linear property referred to in subsection (1) is used for business, the property is assessable to the extent that the property is used for business, as reported by the Minister under section 4.

Assessment of assessable SuperNet linear property

3(1) Where linear property referred to in section 2(1) is used for business and is assessable to the extent reported under section 4, the assessment must be prepared by the assessor designated under section 292(1) of the Act.

(2) Section 292(2) to (5) of the Act do not apply in respect of an assessment referred to in subsection (1), and instead the assessment must be prepared in accordance with the Schedule.

Report by Minister required

4(1) The Minister must report the following information to the assessor designated by the Minister of Municipal Affairs under section 292(1) of the Act not later than October 31, 2008, and October 31 in every 2nd year following 2008:

- (a) for the purposes of section 1(c), the specifications, characteristics and network design that form the extended area network;
- (b) for the purposes of section 2(a) of the Schedule, the construction costs of the assessable SuperNet linear property.

(2) The Minister must, for the purposes of section 2(2), report the extent to which linear property referred to in section 2(1) is used for business to the assessor designated by the Minister of Municipal Affairs under section 292(1) of the Act not later than December 31, 2008, and December 31 in every 2nd year following 2008.

Repeal

5 The *SuperNet Assessment Regulation* (AR 298/2006) is repealed.

Expiry

6 This Regulation is made in accordance with section 603(1) of the Act and is repealed in accordance with section 603(2) of the Act.

Schedule

1 In this Schedule, “Minister’s Guidelines” means the Alberta Linear Property Assessment Minister’s Guidelines referred to in section 322.1(1)(a)(i)(C) of the Act.

2 To calculate an assessment for assessable SuperNet linear property, the assessor must

- (a) multiply the construction costs of the assessable SuperNet linear property, as reported by the Minister under section 4(1)(b) of this Regulation, by a factor that represents business use as reported by the Minister under section 4(2) of this Regulation,
- (b) multiply the product obtained from the calculation referred to in clause (a) by the assessment year modifier set out in Schedule B for Telecommunications Systems contained in the Minister’s Guidelines,
- (c) multiply the product obtained from the calculation referred to in clause (b) by the depreciation factor set out in Schedule C for Telecommunications Systems contained in the Minister’s Guidelines, and
- (d) multiply the product obtained from the calculation referred to in clause (c) by an additional depreciation factor of 1.000 for the purposes of Schedule D for Telecommunications Systems contained in the Minister’s Guidelines.

- (d) the date a registration for the purposes of clause (b) of Division 3 of Schedule 2 is issued in respect of the activity.

Alberta Regulation 159/2008

Oil and Gas Conservation Act

OIL AND GAS CONSERVATION AMENDMENT REGULATION

Filed: October 7, 2008

For information only: Made by the Energy Resources Conservation Board on October 1, 2008 pursuant to section 10(1) of the Oil and Gas Conservation Act.

1 The *Oil and Gas Conservation Regulations* (AR 151/71) are amended by this Regulation.

2 The heading preceding section 1.010 is amended by adding “and Application” after “Interpretation”.

3 Section 1.020(2.1) and (2.2) are repealed and the following is substituted:

(2.1) For the purposes of section 91 of the Act and these Regulations,

- (a) an individual is resident in a jurisdiction if the individual makes his or her home in and is ordinarily present in that jurisdiction, and
- (b) a corporation or other organization referred to in section 20 of the Act is resident in a jurisdiction if a director or officer of the corporation, a member of the organization or a person

employed or retained to provide services to the corporation or organization makes his or her home in that jurisdiction, is ordinarily present in that jurisdiction and is authorized to

- (i) make decisions respecting a licence for a well or facility issued by
 - (A) the regulatory body having lawful authority in that jurisdiction, or
 - (B) in the case of Alberta, the Board,
- (ii) operate the well or facility, and
- (iii) implement directions from the regulatory body or in the case of Alberta, the Board, relating to the well or facility.

4 The following is added after section 1.020:

Exemption - agents

1.030(1) In this section,

- (a) “mutual recognition agreement” means a valid and subsisting agreement made between the Board and a regulatory body for the purpose of recognizing substantial regulatory equivalency and enabling reciprocity between Alberta and another jurisdiction;
- (b) “regulatory body” means an entity having lawful authority respecting the regulation of oil and gas exploration, development and operation and abandonment in a jurisdiction other than Alberta.

(2) An individual or a corporation or other organization is exempt from the requirement to appoint an agent under section 91(2) of the Act if, and for so long as, the individual, corporation or organization

- (a) is resident in a jurisdiction within the meaning of section 1.020(2.1),
- (b) is subject to the authority of a regulatory body that is a party to a mutual recognition agreement with the Board,
- (c) is in compliance with all applicable legislation and regulations and all applicable directives, orders and directions of the Board and the regulatory body referred to in clause (b),
- (d) owes no debt

- (i) to the Board directly, or
 - (ii) to the Board to the account of the orphan fund continued by section 69(1) of the Act,
 - (e) does not, in Alberta or elsewhere, operate wells or facilities in a manner that, in the opinion of the Board, is unsafe or presents a serious threat to public safety or the environment, and
 - (f) agrees to attorn to the jurisdiction of Alberta with respect to all matters, obligations and liabilities pertaining to its oil and gas licences and approvals in Alberta.
- (3) For greater certainty, nothing in this section requires the Board to enter into a mutual recognition agreement if the other jurisdiction fails to prove to the satisfaction of the Board that substantial regulatory equivalency exists between Alberta and the other jurisdiction.

5 Section 3.012(e)(ii) is amended by striking out “a resident” and substituting “resident in Alberta”.

Alberta Regulation 160/2008

Pipeline Act

PIPELINE AMENDMENT REGULATION

Filed: October 7, 2008

For information only: Made by the Energy Resources Conservation Board on October 1, 2008 pursuant to section 3(1) of the Pipeline Act.

1 The *Pipeline Regulation* (AR 91/2005) is amended by this Regulation.

2 Section 1(6) and (7) are repealed and the following is substituted:

- (6) For the purposes of section 19 of the Act and this Regulation,
 - (a) an individual is resident in a jurisdiction if the individual makes his or her home in and is ordinarily present in that jurisdiction, and

- (b) a corporation or other organization referred to in section 21 of the Act is resident in a jurisdiction if a director or officer of the corporation, a member of the organization or a person employed or retained to provide services to the corporation or organization makes his or her home in that jurisdiction, is ordinarily present in that jurisdiction and is authorized to
 - (i) make decisions respecting a licence for a pipeline issued by
 - (A) the regulatory body having lawful authority in that jurisdiction, or
 - (B) in the case of Alberta, the Board,
 - (ii) operate the pipeline, and
 - (iii) implement directions from the regulatory body, or in the case of Alberta, the Board, relating to the pipeline.

3 The following is added after section 1:

Exemption - agents

1.1(1) In this section,

- (a) “mutual recognition agreement” means a valid and subsisting agreement made between the Board and a regulatory body for the purpose of recognizing substantial regulatory equivalency and enabling reciprocity between Alberta and another jurisdiction;
- (b) “regulatory body” means an entity having lawful authority respecting the regulation of pipelines in a jurisdiction other than Alberta.

(2) An individual or a corporation or other organization is exempt from the requirement to appoint an agent under section 19(2) of the Act if, and for so long as, the individual, corporation or organization

- (a) is resident in a jurisdiction within the meaning of section 1(6),
- (b) is subject to the authority of a regulatory body that is a party to a mutual recognition agreement with the Board,
- (c) is in compliance with all applicable legislation and regulations and all applicable directives, orders and directions of the Board and the regulatory body referred to in clause (b),

- (d) owes no debt
 - (i) to the Board directly, or
 - (ii) to the Board to the account of the orphan fund continued by section 69(1) of the *Oil and Gas Conservation Act*,
- (e) does not, in Alberta or elsewhere, operate pipelines in a manner that, in the opinion of the Board, is unsafe or presents a serious threat to public safety or the environment, and
- (f) agrees to attorn to the jurisdiction of Alberta with respect to all matters, obligations and liabilities pertaining to its pipeline licences and permits in Alberta.

(3) For greater certainty, nothing in this section requires the Board to enter into a mutual recognition agreement if the other jurisdiction fails to prove to the satisfaction of the Board that substantial regulatory equivalency exists between Alberta and the other jurisdiction.

- (e) “technical training” means technical training as defined in the *Apprenticeship Program Regulation* (AR 258/2000);
- (f) “trade” means the occupation of auto body technician that is designated as a compulsory certification trade pursuant to the *Apprenticeship and Industry Training Act*.

**Part 1
General Matters Respecting
the Trade**

Constitution of the trade

- 2(1)** The undertakings set out in sections 5, 10, 15 and 20 constitute the trade.
- (2)** The trade is made up of the following:
 - (a) the auto body technician branch of the trade;

- (b) the auto body repairer branch of the trade;
- (c) the auto body refinisher branch of the trade;
- (d) the auto body prepper branch of the trade.

Tasks, activities and functions

3 When practising or otherwise carrying out work in the trade, the tasks, activities and functions set out in sections 6, 11, 16 and 21 come within the trade.

Supervision, etc. of apprentices

4(1) Where, in respect of a branch of the trade, a person is a certified journeyman and is to provide supervision to an apprentice, that journeyman is eligible to supervise that apprentice only

- (a) in respect of the undertakings that constitute the branch, and
- (b) in respect of tasks, activities and functions that come within the branch,

for which that person is a certified journeyman.

(2) Where a person is an apprentice in an apprenticeship program in a branch of the trade and is employed in respect of another branch of the trade, that apprentice is eligible to carry out work only

- (a) in respect of the undertakings that constitute that branch, and
- (b) in respect of tasks, activities and functions that come within that branch,

for which that person is an apprentice.

Part 2
Auto Body Technician
Branch of the Trade

Trade Matters Respecting the Branch

Undertakings constituting the branch

5 The following undertakings constitute the auto body technician branch of the trade:

- (a) the preparation of a substrate for a finish or top coat application;
- (b) the application of a finish or top coat to a substrate;

- (c) the repair of the following components of a motor vehicle:
 - (i) the chassis or frame;
 - (ii) the body or unibody;
 - (iii) a support system damaged in a collision.

Tasks, activities and functions

6 When practising or otherwise carrying out work in the auto body technician branch of the trade, the following tasks, activities and functions come within that branch of the trade:

- (a) use hand, power and auto body tools to perform the undertakings of the branch of the trade;
- (b) perform body damage analyses and prepare repair estimates;
- (c) weld and cut metal sections;
- (d) attach components by welding or using adhesives or fasteners;
- (e) straighten, measure or align motor vehicle components;
- (f) perform paint damage analyses and prepare refinishing estimates;
- (g) recognize substrates;
- (h) manage paint and related materials and inventories;
- (i) fill and sand substrate;
- (j) protect surfaces from the unintended application of a primer product, finish or top coat;
- (k) remove and install trim and non-structural glass;
- (l) mix paint and primer products;
- (m) apply primer, primer-surfacer, undercoating or corrosion protection material;
- (n) colour match paint;
- (o) apply a finish or top coat;
- (p) polish, wash and clean substrate;

- (q) apply a decal or pin stripe.

Apprenticeship

Term of the apprenticeship program

7(1) Subject to credit for previous training or experience being granted pursuant to an order of the Board, the term of an apprenticeship program for the auto body technician branch of the trade is 4 periods of not less than 12 months each.

(2) In the first period of the apprenticeship program, an apprentice must acquire not less than 1600 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

(3) In the 2nd period of the apprenticeship program, an apprentice must acquire not less than 1600 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

(4) In the 3rd period of the apprenticeship program, an apprentice must acquire not less than 1500 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

(5) In the 4th period of the apprenticeship program, an apprentice must acquire not less than 1500 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

Employment of apprentices

8(1) Where, with respect to the employment of apprentices in the auto body technician branch of the trade, a person employs an apprentice, that employment must be carried out in accordance with this section.

(2) Subject to subsection (3), a person who is a certified journeyman in the auto body technician branch of the trade or employs a certified journeyman in the auto body technician branch of the trade may employ 2 apprentices in that branch of the trade and 2 additional apprentices in that branch for each additional certified journeyman in that branch that is employed by that person.

(3) Subsection (2) does not apply to an apprentice who is engaged in an apprenticeship program

- (a) in the auto body technician branch of the trade and has completed all the requirements required or approved by the Board for advancement into the 4th period of that apprenticeship program, or

- (b) in the auto body repairer branch of the trade and has completed all the requirements required or approved by the Board for advancement into the 3rd period of that apprenticeship program.

(4) For the purposes of subsection (2), a person who is a certified journeyman in the auto body technician branch of the trade or employs a certified journeyman in the auto body technician branch of the trade, instead of employing an apprentice in an apprenticeship program in that branch of the trade, may employ an apprentice in an apprenticeship program in any other branch of the trade to carry out any of the undertakings that constitute the apprentice's branch of the trade.

Wages

9(1) With respect to the payment of wages to an apprentice in an apprenticeship program in the auto body technician branch of the trade, a person shall not, subject to the *Apprenticeship Program Regulation* (AR 258/2000), pay wages to an apprentice that are less than those provided for under subsection (2).

(2) Subject to the *Employment Standards Code*, a person employing an apprentice referred to in subsection (1) must pay wages to the apprentice that are at least equal to the following percentages of the wages paid to employees who are certified journeymen in the auto body technician branch of the trade:

- (a) 55% in the first period of the apprenticeship program;
- (b) 70% in the 2nd period of the apprenticeship program;
- (c) 75% in the 3rd period of the apprenticeship program;
- (d) 80% in the 4th period of the apprenticeship program.

Part 3 Auto Body Repairer Branch of the Trade

Trade Matters Respecting the Branch

Undertakings constituting the branch

10 The following undertakings constitute the auto body repairer branch of the trade:

- (a) the preparation of a substrate for a finish or top coat application;

- (b) the repair of the following components of a motor vehicle:
 - (i) the chassis or frame;
 - (ii) the body or unibody;
 - (iii) a support system damaged in a collision.

Tasks, activities and functions

11 When practising or otherwise carrying out work in the auto body repairer branch of the trade, the following tasks, activities and functions come within that branch of the trade:

- (a) use hand, power and auto body tools to perform the undertakings of the branch of the trade;
- (b) perform body damage analyses and prepare repair estimates;
- (c) weld and cut metal sections;
- (d) attach components by welding or using adhesives or fasteners;
- (e) straighten, measure or align motor vehicle components;
- (f) recognize substrates;
- (g) fill and sand substrate;
- (h) protect surfaces from the unintended application of a primer product, finish or top coat;
- (i) remove and install trim and non-structural glass;
- (j) mix paint and primer products;
- (k) apply primer, primer-surfacer, undercoating or corrosion protection material;
- (l) polish, wash and clean substrate;
- (m) apply a decal or pin stripe.

Apprenticeship

Term of the apprenticeship program

12(1) Subject to credit for previous training or experience being granted pursuant to an order of the Board, the term of an apprenticeship program for the auto body repairer branch of the trade is 3 periods of not less than 12 months each.

(2) In the first period of the apprenticeship program, an apprentice must acquire not less than 1600 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

(3) In the 2nd period of the apprenticeship program, an apprentice must acquire not less than 1500 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

(4) In the 3rd period of the apprenticeship program, an apprentice must acquire not less than 1500 hours of on the job training and successfully complete the technical training that is required or approved by the Board.

Employment of apprentices

13(1) Where, with respect to the employment of apprentices in the auto body repairer branch of the trade, a person employs an apprentice, that employment must be carried out in accordance with this section.

(2) Subject to subsection (3), a person who is a certified journeyman in the auto body repairer branch of the trade or employs a certified journeyman in the auto body repairer branch of the trade may employ 2 apprentices in that branch of the trade and 2 additional apprentices in that branch for each additional certified journeyman in that branch that is employed by that person.

(3) Subsection (2) does not apply to an apprentice who is engaged in an apprenticeship program

(a) in the auto body technician branch of the trade and has completed all the requirements required or approved by the Board for advancement into the 4th period of that apprenticeship program, or

(b) in the auto body repairer branch of the trade and has completed all the requirements required or approved by the Board for advancement into the 3rd period of that apprenticeship program.

(4) For the purposes of subsection (2), a person who is a certified journeyman in the auto body repairer branch of the trade or employs a certified journeyman in the auto body repairer branch of the trade, instead of employing an apprentice in an apprenticeship program in that branch of the trade, may employ an apprentice

(a) in the auto body refinisher or the auto body prep branch of the trade to carry out any of the undertakings that constitute the auto body prep branch of the trade, or

- (b) in the auto body technician branch of the trade to carry out any of the undertakings that constitute the auto body repairer branch of the trade.

Wages

14(1) With respect to the payment of wages to an apprentice in an apprenticeship program in the auto body repairer branch of the trade, a person shall not, subject to the *Apprenticeship Program Regulation* (AR 258/2000), pay wages to an apprentice that are less than those provided for under subsection (2).

(2) Subject to the *Employment Standards Code*, a person employing an apprentice referred to in subsection (1) must pay wages to the apprentice that are at least equal to the following percentages of the wages paid to employees who are certified journeypersons in the auto body repairer branch of the trade:

- (a) 55% in the first period of the apprenticeship program;
- (b) 70% in the 2nd period of the apprenticeship program;
- (c) 80% in the 3rd period of the apprenticeship program.

Part 4
