

*The Standards and Guidelines for Municipal Waterworks, Wastewater and Storm Drainage Systems sets out the regulated minimum standards and design requirements for these systems in Alberta municipalities. This publication from Alberta Environment provides comprehensive and scientifically defensible standards and guidelines that must be applied by the municipalities in the design and operation of waterworks, wastewater and storm drainage systems.*

*This document includes:*

- the application and approval process
- treatment performance standards
- design standards and guidelines
- operating and monitoring requirements and guidelines.

*Related Acts and Regulations are available separately in pamphlet format.*

*Please send me the following:*
