

The Standards and Guidelines for Municipal Waterworks, Wastewater and Storm Drainage Systems sets out the regulated minimum standards and design requirements for these systems in Alberta municipalities. These 5 publications from Alberta Environment and Parks provide comprehensive and scientifically defensible standards and guidelines that must be applied by the municipalities in the design and operation of waterworks, wastewater and stormwater management systems.

These documents include:

- the application and approval process
- treatment performance standards
- design standards and guidelines
- operating and monitoring requirements and guidelines.

Related Acts and Regulations are available separately in pamphlet format.
